# 1. Administrative Training Programme For Non-Teaching Staff

## Introduction:

MasterSoft Education ERP Software is cloud-based software for schools, colleges, and universities that automates all major processes of an Educational institute. The Education ERP campus system ensures management of all academic & non-academic operations and ensuring transparency across all departments.

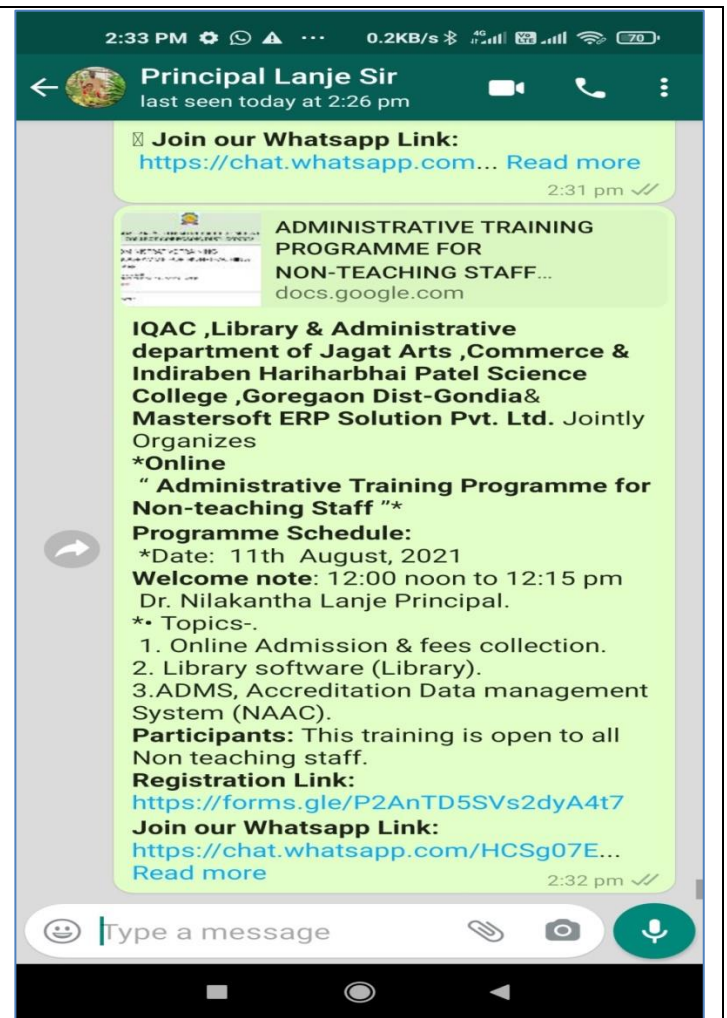

MasterSoft ERP (Enterprise Resource Planning) software gives complete control over all the major processes & activities of an educational institute. This ERP campus software tracks and manages activities of all the departments of the institute including the admin department, finance, library, HR, etc.

Administrative Training Programme on ERP campus software tracks and manages activities for Non-Teaching Staff was organized by MasterSoft ERP Solution Pvt. Ltd., Nagpur jointly with our college on dated-11<sup>st</sup> August, 2021. Total 71 participants were attended this administrative training. We offer campus management solutions that improve institutional productivity, boost efficiency, and positive outcome ratio by streamlining work processes and enabling institutions go paperless.

About 1222 students of nearby area have been admitted in the college for current session. College has provides the facilities of athletics, gymnasium, games and sports including cricket, kabaddi, volleyball & football for overall development of the students.

**About the Workshop :**

There is profound change in higher education. Quality of higher education largely depends upon quality of research and publication work. Government of India has taken a lot of initiatives in framing the laws related to Intellectual Property. We thought it better to have overall discussions and deliberation on this important issue along with industry-academia initiatives by organizing a workshop.

The main purpose of IPR is to encourage the creation of wide variety of intellectual goods, artistic work and protect it. It is a category of property that includes intangible creation of human intellect and primarily encompasses, copyright, patent and trademarks. IPR are the protection of creative ideas, innovations, research and development. It is the need of an hour in every field of life.
