

3.2.2 Number of workshops/seminars conducted on Research Methodology, Intellectual Property Rights (IPR) and entrepreneurship during the last five years

INTERNAL QUALITY ASSURANCE CELL (IQAC)

Report on Workshop INTELLECTUAL PROPERTY RIGHTS

On behalf of Internal Quality Assurance Cell (IQAC) Jagat Arts, Commerce and Indiraben Hariharbhai Patel Science College, Goregaon Dist. Gondia (M.S.) organized one day workshop on “Intellectual Property Rights” with special reference to patent, design, trademark, copyright, plagiarism and industry –academia initiatives.

The main purpose of organizing a workshop on “Intellectual Property Rights” is to encourage the creation of wide variety of intellectual goods and artistic work and protect it. Government of India has taken a lot of initiatives in framing the laws related to Intellectual Property. We thought it better to have overall discussion and deliberation on this important issue along with industry-academia initiatives by organizing a workshop. It is a category of property that includes intangible creation of human intellect and primarily encompasses, copyright, patent and trademarks. IPR is the protection of creative ideas, innovations, research and development. It is the need of an hour in every field of life. Topics covered in this workshop are fundamentals of IPR (patent, design, trademark & geographical indications), copyright and related rights, plagiarism, URKUND demonstration and industry-academia initiatives.

Copyright protects the published and unpublished works of specified period of times like literary work (email & newspaper articles) dramatic work (drama play), musical work (songs), artistic work (paintings, photographs & images), film (videos & cinematic performance), sound recording (oral history tape & recording of lecture), broadcasts (TV & radio) and typographic work (arrangement of website & translation) distinctive signs.

A **patent** is an exclusive right granted by a country to the owner of an invention to make, use, manufacture and market the invention. Conditions for granting a patent are a) meet the criteria of novelty, b) involve an inventive step and c) be capable of industrial application.

Trademarks provide exclusive rights to use distinctive signs, such as symbols, colors, letters, shapes or names to identify the producer of the product, and protect its associated reputation. A trademark can be combination of words, phrases, symbols, logos, design, images or devices used by individual or business organizations to distinguish their products from others. For examples, Parle, Nike, Reebok, Mahindra & Mahindra, Bajaj etc. through their logo, this is embossed on their products.

Trade secrets are the design, practice, formulas, instrument, processes, guidelines, pattern or ideas, which are used by company to gain economic advantage over its competitors. It differs from any other type of intellectual property, because it is the responsibility of the owner to keep the secret and it is not protected through government policies. Once the trade secret is leaked any person can use it. Examples of trade secret can be formulas for products such as the formula for Coca-cola.

A **Geographical indication (GI)** is a sign used on goods that have a specific geographical origin and possess quality due to the place of origin. For example French cognac or Scotch whiskey, Kolhapuri chappals from Kolhapur and Kashmiri shawl from Kashmir in India.

An **Industrial Design** becomes a kind of intellectual property to be protected. Industrial designs are applied to a wide variety of products of industry or handicraft: watches, jewelry, fashion and other luxury items, industrial and medical implements, house ware, furniture, electrical appliances, vehicles and architectural structures, textile design, toys etc.

Plagiarism is the practice of taking someone else's work or ideas and passing them off as one's own and checked by **URKUND**. We will also bring the discussion on employment through **Industry-Academia** collaboration. Considering the above fact in mind this workshop on this theme is organized.

This workshop was organized on **Saturday, 23rd March, 2019** from 9.00 am to 5.00 pm. Professor G.S. Khadekar, Head Department of Mathematics, RTMNU, Nagpur was invited as inaugurator of workshop, Dr. N.D. Kirsan, (Ex-commissioner) Founder, Shri Gurudev Shikshan Prasarak Mandal Govindpur, Dist-Gondia was invited as chairperson of workshop, Dr. Mangala Hirwade, Head Department of Library Science RTMNU, Nagpur and Shri Prafulla D. Tembharey, Chairman & Managing Director, Agreen Allide service Pvt. Ltd. Nagpur both were invited as speaker in the workshop. Total **74 participants** were present, out of which 49 teachers, 13 CHB teachers and 12 students attended this workshop enthusiastically.

Dignitaries on the Dais during Inauguration of Workshop

Prof. G.S. Khadekar sir openhanded Inaugural Remark

Dr. Mangala Hirwade madam clarify the Theme
