

Career and counselling cell

The Career and counselling Cell in Jagat arts,commerce & indiraben Hariharbhai patel Science college was established in the year 2005 – 06. The Career and counseling Cell has played a pivotal role in creating the linkage between industry and college.

Career and counselling Cell aims at providing the final year students, with career aspirations, a chance to realize their dreams. Activities ranging from seminars to workshops are conducted in order to provide the students an opportunity to develop their skills. Skill development includes communication skills, presentation skills, resume writing, personality development, interview training, training for higher education and competitive exams inclusive of entrance exams. Aptitude tests and logic building training is provided to help students fare better in interviews. Guest lectures and seminars are also arranged. The Cell assesses student abilities and creates a database so as to provide them with the correct career opportunity

Orientation programmes are conducted periodically in order to boost the student's confidence. This programme consists of morale boosting lectures by eminent experts in the area of motivation and leadership qualities, career guidance, public speaking, spoken English and group discussions. This provides them a platform to show their talents, thus ensuring their success. Interactions with various business organizations provides the students (both UG & PG) an opportunity to attend campus & off-campus interviews. The Career and counseling Cell provides the necessary infrastructure facilities to the companies for the placement process in the college campus.

Activities Done

- 1 Organized a seminar on UPSC, MPSC EXAS.
- 2 Personality development and career opportunities
- 3 E- suvidha
- 4 Organized a seminar on Competitive examination,
- 5 Net Banking, etc.

Prof. E. V.Chandankhede
Placement Officer
